SUBJECT INDEX

A

- abdomen
 calcified colonic faecolith of (Case Report) 378
 Collis-Nissen operation for (Surg. Technique) 371
 complications in laparotomy for trauma of 484
 cost-efficiency of spirometry after surgery on (Comment) 637
 mesenteric cyst of, in pregnancy (Review) 741
 pain in childhood 703
 randomized trials for laparoscopic surgery of (Pers. View) 813
 surgery and Australian National Diagnosis Related Groups 604
 abdominal aortic aneurysm and management of colorectal carcinoma 475
 Aborigines; urolithiasis in young 99
 abscess
 anal lymphoma presenting as perianal (Case Report) 279
 psoas, diagnosis and treatment of 413
 acalculous cholecystitis 251, 405
 accessory soleus muscle; problem of awareness of (Surg. Anatomy) 503
 activated clotting time and effects of heparin for carotid endarterectomy 679
 adenocarcinoma of prostate, and treatment by radiotherapy 389
 adenoma and treatment by colonoscopic polypectomy 400
 adolescence; thyroid nodules in childhood and 676
 adrenalectomy; laparoscopic
 intraperitoneal techniques of (Surg. Technique) 427
 using extraperitoneal approach for (Surg. Technique) 375, 494, 498
 adrenocortical carcinoma, in childhood (Case Report) 723
 aetiology of mandibular fractures in South Australia 307
 alcohol and at-risk drinkers 775
 AMA and Frederic Wood Jones (Surg. History) 710
 amaurosis fugax; external carotid endarterectomy for (Case Report) 48
 aminopyrine breath test for malignant biliary obstruction 759
 amoebic colitis, as cause of colonic mucosal tube (Case Report) 67
 anaesthesia
 changing status of (Pers. View) 297
 influence of John Henry Hill Lewellin in (Surg. History) 790
 anal carcinoma; management of 754
 anatomy of reconstructed hepatic artery in liver transplantation (Surg. Anatomy) 437
 aneurysm
 as ruptured thyroid (Case Report) 801
 false, of aorta (Case Report) 284
 of aorta, and management of colorectal carcinoma 475
 of median artery causing carpal tunnel syndrome (Case Report) 66
 of profunda femoris artery (Case Report) 69
 of the splenic artery (Case Report) 53
 angiofollicular lymph node hyperplasia occurring as porta hepatis mass (Case Report) 219
 angiomyolipoma, as extrarenal retroperitoneal of kidney (Case Report) 449
 ankle; accessory soleus muscle of (Surg. Anatomy) 503
 anomalous blood supply and profunda femoris artery (Case Report) 69
 anomalous muscle; problem of awareness of (Surg. Anatomy) 503
 anorectal
 malformation, as result of sacrococcygeal teratoma (Case Report) 214
 physiological testing of defecatory disorders 322
 anticoagulation and Bird's nest filter placement 106
 antimicrobial therapy in surgical patients (Review) 658
 anus
 Crohn's disease with magnetic resonance imaging of 470
 lymphoma of, presenting as perianal abscess (Case Report) 279

aorta

- aneurysm of, and management of colorectal carcinoma 475
 rupture of post-traumatic chronic false aneurysm of (Case Report) 284
 thoracic rupture, and treatment of 312
 appendicectomy; open versus laparoscopic 830
 appendicitis
 acute, and diagnosis by ultrasound 695
Enterobius vermicularis, as cause of symptoms resembling 692
 laparoscopic versus open appendicectomy for 830
 archival tissue; use of polymerase chain reaction to analyse DNA of (Surg. Research) 558
 arterio-venous fistulae and haemodialysis 763
 artery; aneurysm
 of profunda femoris (Case Report) 69
 resulting in splenic infarction (Case Report) 53
 arthrodesis, as fusion of metacarpophalangeal joint for post-trauma conditions 771
 arthroplasty
 and pharmacological thromboprophylaxis 167
 recovery and psychological impact of 115
 survival analysis in New Zealand of 538
 Asia; role of medical non-government organizations in 1, 4, 7, 9, 12, 14, 19, 22
 ASPECT; provision of eye health services in the Pacific by 14
 Australia
 in George Adlington Syme memorial oration 809
 introduction of laparoscopic cholecystectomy to (Pers. View) 75
 National Diagnosis Related Groups and abdominal surgery in 604
 survey of rural road fatalities in 479
 autopsy and improving surgical practice (Editorial) 293
 auto-transfusion; orthopaedic study for blood conservation in 535

B

- balloon dilator, used to repair extraperitoneal inguinal hernia (Surg. Technique) 431
 barium enema reduction and management of intussusception 699
 barium, in treatment of constipation 183
 bile duct
 treatment of injury with minimally invasive surgery 81
 dissection technique for laparoscopic cholecystectomy of (Surg. Technique) 626
 injury caused by choledocholithiasis 407
 surgery and changes in practice of (Pers. View) 75
 synchronous carcinoma of gall-bladder and (Comment) 275
 bile leak and management following cholecystectomy 254, 827
 biliary
 and gallstone disease in dyspepsia 247
 colic and laparoscopic cholecystectomy in pregnancy (Case Report) 647
 obstruction and indocyanine green retention and aminopyrine breath tests for 754
 stricture, metallic stents for 836
 biochemical factors, following hepatectomy (Surg. Research) 560
 biomedical statistics and issues in statistical inference (Surg. Research) 630, 780
 biopsy of pathological vertebral body by thoracoscopy (Case Report) 726
 Bird's nest filter and placement in inferior vena cava 106
 bladder
 Chinese study of tumours in 551
 dysfunction and clam cystoplasty 88
 incorporation of diverticula (Case Report) 731
 rupture, and pelvic fractures 395
 blindness; provision of eye health services by Australian South Pacific Eye Teams for 14

- blood
and anticoagulant effects of heparin for carotid endarterectomy 679
coagulation following hepatectomy (Surg. Research) 560
orthopaedic study for conservation of 535
pressure and resuscitation after injury (Comment) 277
- bowel
complications in laparotomy for trauma of 484
endoscopic gastrostomy insertion causing fistula of (Case Report) 518
laparoscopy through deep ring for inguinal hernia repair (Surg. Technique) 788
obstruction
and intussusception 699
caused by gallstone ileus after cholecystectomy (Case Report) 650
- brain; surgical department management of injuries to 527
- breast
Australian study on mastalgia 329
cancer, and accuracy of fine needle aspiration cytology 745
laparoscopic creation of windows for (Surg. Technique) 853
Budd-Chiari syndrome; surgical intervention in 818
- C
- calcitonin gene related peptide; role of kidney in clearance of (Surg. Research) 266
calculous disease; closure of common bile duct following exploration for 823
Campylobacter jejuni; species of enterocolitis (Case Report) 55
- cancer
and surgical oncology (Editorial) 739, (Pers. View) 740
and quality of life assessment (Review) 227
as thyroid nodules in childhood and adolescence 676
campaign in Sabah for early detection of 22
colon, effect of misoprostol on (Surg. Research) 197
colorectal
assessment of DNA heterozygosity for (Surg. Research) 556
immunochemical test for faecal occult blood in 464
treatment by colonoscopic polypectomy for 400
immunosuppression reduction after colonic resection for (Surg. Research) 847
of breast, and accuracy of fine needle aspiration cytology 745
of prostate (Editorial) 387
testicular, and awareness in New Zealand men 750
treatment of nodal metastases in differentiated thyroid 815
use of radiotherapy for rectal 457
cannula; metal Berci, adapted for laparoscopic choledochography (Surg. Technique) 425
carcino-embryonic antigen and cryotherapy predicts survival 612
- carcinoma
adrenocortical, in children (Case Report) 723
and nodular goitre 180
carcino-embryonic antigen aids survival analysis for colon 612
Chinese study of bladder 551
colorectal
management of, and clinicopathological correlation of 242
management of aortic aneurysm in 475
treatment by colonoscopic polypectomy for 400
in mediastinal parathyroid gland (Case Report) 446
lymph node metastases in differentiated thyroid (Editorial) 807
metastatic squamous cell, and neck dissection 236
of gall-bladder with bile duct carcinoma (Comment) 275
of mouth (Surg. Technique) 208
of oropharynx (Review) 302
of prostate, and treatment by radiotherapy 389
of rectum, during pregnancy 618
of testis, and recurrent development of (Case Report) 862
of thyroglossal duct (Comment) 212
parasitic infestation as metastatic (Case Report) 572
radiotherapy for rectal (Editorial) 455
renal cell, and hepatic metastasis from (Case Report) 128
small cell, of prostate 91
squamous cell, management of anal 754
thyroid gland metastases and renal cell (Case Report) 286
use of radiotherapy for rectal 457
cardiac; in extracorporeal membrane oxygenation and venous connection (Case Report) 799
carotid endarterectomy
and internal jugular vein thrombosis (Case Report) 60
anticoagulant effects of heparin for 679
for amaurosis fugax with carotid artery occlusion (Case Report) 48
carpal tunnel syndrome
nerve injury and wrist crease incision in 768
aneurysm of median artery causing (Case Report) 66
Castleman's disease causing peri-pancreatic hilar mass (Case Report) 219
catheter
as complication of insertion into pulmonary artery (Case Report) 513
Hickman type, used in percutaneous insertion (Case Report) 64
cerebral swelling and head injury management in surgical department 527
cervical collars and complications in multi-trauma patients (Case Report) 139
chemical dissolution of urolithiasis 99
chemotherapy; management of anal carcinoma by 754
chest tube and complication of insertion into pulmonary artery (Case Report) 513
childhood
abdominal pain in 703
studies of intussusception in 699
thyroid nodules in adolescence and 676
treatment of phimosis with topical steroid in (Comment) 861
ultrasound diagnosis of appendicitis in 695
cholangiography with minimally invasive surgery 81
cholangitis and management of choledocholithiasis 599
cholecystectomy
and gallstone ileus (Case Report) 650
bile leakage after laparoscopic 254
dissection technique for laparoscopic (Surg. Technique) 626
effect on gastric emptying in gallstone disease 247
gallstones and laparoscopic (Editorial) 583
laparoscopic
and changes in biliary surgery (Pers. View) 75
and open, measurement of costs in 607
in pregnancy (Case Report) 647
management of complications following 827
randomized trials for laparoscopic (Pers. View) 813
treatment
for choledocholithiasis by 407
of acalculous cholecystitis by 405
with minimally invasive surgery 81
cholecystitis
acalculous, and diagnosis by laparoscopy of 405
acute acalculous 251
emphysematous, causing pneumoperitoneum (Case Report) 130
cholecystolithotomy; laparoscopy-guided percutaneous (Comment) 47
choledochography; laparoscopic, metal Berci cannula for (Surg. Technique) 425
choledocholithiasis
endoscopic management of 599
treatment by laparoscopic cholecystectomy and ERCP for 407
cholelithiasis and treatment by laparoscopic cholecystectomy 823, 827
cimetidine, to reduce immunosuppression after colonic resection (Surg. Research) 847
circumcision, as treatment for childhood phimosis 327
clerkship; experience and assessment in (Surg. Education) 506
clinical
management and trauma care (Review) 147
practice and surgical oncology (Pers. View) 740
Clostridium septicum myonecrosis, in congenital neutropaenia (Case Report) 574
coeliac axis and mesenteric arterial thrombosis following laparoscopy (Case Report) 728

- colectomy and constipation 183
 collateral circulation; development and enhancement in ischaemia (Surg. Research) 202
 Colleges; responsibility to developing world of 1, 4, 7, 9, 12, 14, 19, (Comment) 512
 Collis-Nissen, as operation for abdomen (Surg. Technique) 371
 colon
 and calcified faecolith (Case Report) 378
 cancer, effect of misoprostol on (Surg. Research) 197
 carcino-embryonic reduction aids survival analysis for cancer of 612
 colonic
 necrosis and amoebic colitis (Case Report) 67
 neoplasm and treatment by colonoscopic polypectomy 400
 transit and rectal evacuation 183
 colonoscopy
 in management of malignant colorectal polyp 242
 treatment of ischaemia colitis by (Case Report) 721
 colorectal cancer
 assessment of DNA heterozygosity in (Surg. Research) 556
 carcino-embryonic antigen aids survival analysis for 612
 immunochemical test for faecal occult blood in 464
 management of aortic aneurysm for 475
 reduction of immunosuppression by cimetidine for (Surg. Research) 847
 common bile duct
 closure versus drainage following exploration of 823
 stones
 management with ERCP and stent placement for 840
 use of endoscopic sphincterotomy for 599
 complications
 and Australian National Diagnosis Related Groups 604
 as bowel fistula caused by endoscopic gastrostomy insertion (Case Report) 518
 caused by at-risk drinkers 775
 in cholecystectomy, and laparoscopic management of 827
 in laparotomy for trauma 484
 of catheter insertion into pulmonary artery (Case Report) 513
 vascular, of disc surgery (Case Report) 216
 with radiotherapy in adenocarcinoma of prostate 389
 computerized tomography; diagnosis of psoas abscess by 413
 congenital antithrombin III deficiency; venous surgery and (Case Report) 865
 congenital malformation and repair of frontal encephaloceles (Surg. Technique) 856
 Conn's Syndrome; laparoscopic adrenalectomy for treatment of (Surg. Technique) 427
 constipation
 and anorectal physiological testing in defecatory disorders 322
 radio-isotope transit scan and barium evacuation proctogram assessment of 183
 cost efficiency
 of open and laparoscopic cholecystectomy 607
 of spirometry after abdominal surgery (Comment) 637
 of transurethral resection of prostate 95
 cricopharyngeal myotomy; treatment for pharyngeal pouches by (Surg. Technique) 501
 Crohn's disease
 and management of enterocutaneous fistulae (Surg. Technique) 628
 magnetic resonance imaging of 470
 cruciate ligament; pre-operative assessment for reconstruction of 319
 cryotherapy and carcino-embryonic antigen reduction predicts survival 612
 cryptorchidism; laparoscopic assessment and orchidectomy in (Surg. Technique) 118
 cuff technique; pancreas transplantation using (Surg. Research) 491
 Cushing's syndrome
 and adrenocortical carcinoma in child (Case Report) 723
 laparoscopic adrenalectomy [in a patient] with (Surg. Technique) 375, 427
 cyst
 epidermoid, as benign testicular tumour (Case Report) 62
 liver, transhepatic fenestration of (Surg. Technique) 264
 mesenteric, and pregnancy (Review) 741
 non-parasitic hepatic, laparoscopic marsupialization of (Surg. Technique) 262
 cystogram for pelvic fractures and urinary tract disruptions 395
 cystoplasty for overactive bladder dysfunction 88
- ## D
- day-only admission for varicose vein surgery 688
 decompression, microvascular; for treatment of neuralgia 173
 dermatomal precinct; limb reconstruction using 155
 developing world
 and repair of frontal encephaloceles in (Surg. Technique) 856
 campaign for early detection of cancer in 22
 provision of aid by Colleges to 1, 4, 7, 9, 12, 14, 19, (Comment) 512
 diagnosis related groups and transurethral resection of prostate 95
 diagnostic imaging of sacrococcygeal teratoma 102
 diarrhoea caused by
 calcified faecolith (Case Report) 378
 Campylobacter jejuni enterocolitis (Case Report) 55
 disc surgery of lumbar (Case Report) 216
 dissection
 neck, in controlling metastatic disease (Editorial) 225
 of neck (Comment) 797
 of neck for mucosal squamous cell carcinoma 236
 technique for laparoscopic cholecystectomy (Surg. Technique) 626
 diverticulocystoplasty, as bladder incorporation of diverticula (Case Report) 731
 DNA and analysis of archival tissue by polymerase chain reaction (Surg. Research) 558
 donor
 and flushing solutions for liver transplantation (Surg. Research) 565
 endotoxin levels in adult liver 615
 for living related hepatic transplantation (Comment) 45
 Doppler ultrasound and analysis validity in presence of stenoses (Surg. Research) 338
 drainage, in treatment of psoas abscess 413
 Dunlop; Sir Edward 'Weary', surgeon (Surg. History) 24
 duodenum
 management following endoscopic sphincterotomy 843
 minimal access surgery for disorders of 589
 perforated, and management following cholecystectomy 827
 dyspepsia, gallstone disease and gastric emptying 247
 dysphagia; lingual thyroid as a cause of (Case Report) 135
- ## E
- ectopic
 filarial infestation as metastatic carcinoma (Case Report) 572
 parathyroid gland, carcinoma in (Case Report) 446
 education
 and experience in surgical clerkship (Surg. Education) 506
 changes needed in medical (Surg. Education) 270
 elective resection of liver in special unit 530
 electromyography; role in testing defecatory disorders 322
 elephantiasis; as inguinoscrotal inguinal hernia (Case Report) 380
 emergency
 laparoscopy through deep ring for inguinal hernia repair (Surg. Technique) 788
 management of urinary tract disruptions with pelvic fractures 395
 encephaloceles; repair of frontal, in Papua New Guinea (Surg. Technique) 856
 endarterectomy
 and anticoagulant effects of heparin 679
 and internal jugular vein thrombosis (Case Report) 60
 for amaurosis fugax with carotid artery occlusion (Case Report) 48
 endoscopic retrograde cholangiopancreatography
 and changes in biliary surgery (Pers. View) 75
 and common bile duct stones 840

- following laparoscopic cholecystectomy 407
- endoscopic sphincterotomy; management of perforation following 843
- endoscopy
 - management of choledocholithiasis 599
 - of intramural haematoma of oesophagus 190
- endosurgery and laparoscopy in (Editorial) 588
- endotoxin and levels in adult liver donors 615
- enteral nutrition by laparoscopic gastrostomy (Case Report) 515
- Enterobius vermicularis*, as cause of appendicitis-like symptoms 692
- enterocolitis; *Campylobacter* species of (Case Report) 55
- enterocutaneous fistulae and management with setons (Surg. Technique) 628
- enterocystoplasty for overactive bladder dysfunction 88
- epidemiology
 - of chronic leg ulcers in Australia 258
 - of rural road fatalities 479
- epidermoid cyst of testis (Case Report) 62
- ethics; code for Royal Australian College of Surgeons (Editorial) 226
- experimental design; problems with (Comment) 125
- extracorporeal membrane oxygenation and pulmonary venous connection (Case Report) 799
- extraperitoneal space
 - and hernia repair using balloon dissection technique (Surg. Technique) 431
 - application of laparoscopy in (Surg. Technique) 375
- extraperitoneal, as approach for adrenalectomy (Surg. Technique) 494, 498

F

- face and studies of mandibular fractures in South Australia 307
- faecal occult blood test; screening for colorectal cancer using 464
- faecolith; calcified, causing fever and diarrhoea (Case Report) 378
- familial testicular tumour and genetic studies using linkage analysis (Surg. Research) 418
- fasciocutaneous flaps
 - in limb reconstruction (Editorial) 145
 - orthopaedic management with 155
- femur; treatment by modular endoprosthetic replacement for tumours near 542
- fibrinolytic proteins and ischaemia colitis (Case Report) 721
- fibroblast growth factor; levels in ischaemia (Surg. Research) 202
- fibrosis, as feature of lymphoedema (Surg. Research) 332
- filariasis infestation as metastatic carcinoma (Case Report) 572
- fine needle aspiration cytology in diagnosing breast cancer 745
- Fisher; in analysing 2×2 tables of frequencies (Surg. Research) 780
- fistula
 - and changes in practice of biliary surgery (Pers. View) 75
 - and magnetic resonance imaging of Crohn's disease 470
 - as complication of endoscopic gastrostomy insertion (Case Report) 518
 - arterio-venous, and haemodialysis 763
- fractures
 - forearm, plastic bowing without (Case Report) 132
 - of mandible, and studies in South Australia of 307
- fulminant colitis characterized by colonic necrosis (Case Report) 67
- fundoplication, as Collis-Nissen operation for abdomen (Surg. Technique) 371

G

- gallbladder
 - and diagnosis of acalculous cholecystitis by laparoscopy 405
 - and treatment of choledocholithiasis by laparoscopic cholecystectomy 407
 - bile leakage from bed of 254
 - perforation, emphysematous cholecystitis with (Case Report) 130
 - synchronous carcinoma of bile duct and (Comment) 275
- gallstone
 - and laparoscopic cholecystectomy (Editorial) 583

- disease and dyspepsia 247
- ileus, as a result of cholecystectomy (Case Report) 650
- gastrointestinal
 - disease, and treatment by Nissen fundoplication (Case Report) 728
 - symptoms, as trichobezoars (Case Report) 281
- gastroplasty, as Collis-Nissen operation for abdomen (Surg. Technique) 371
- gastrostomy; role as laparoscopic procedure (Case Report) 515
- genital malformation, as result of sacrococcygeal teratoma (Case Report) 214
- glottis; management of stenosis following endotracheal intubation 621
- goitre
 - nodular, causing malignancies 180
 - thyroid gland metastasis from renal cell carcinoma and (Case Report) 286
- graft
 - stenoses, duplex ultrasound scanning of 684
 - synthetic and vein, and haemodialysis 763
- growth factor levels in ischaemia (Surg. Research) 202

H

- haematoma; intramural, of oesophagus 190
- haematuria; in urinary tract disruptions with pelvic fractures 395
- haemodialysis
 - primary access surgery for 763
 - role in detection of calcitonin gene related peptide (Surg. Research) 266
- haemodilution; orthopaedic study for blood conservation 535
- haemodynamics; following hepatectomy (Surg. Research) 560
- haemoperitoneum due to rupture of hepatic metastasis (Case Report) 128
- haemorrhage as ruptured thyroid aneurysm (Case Report) 801
- hand; volar and dorsal splintage for 547
- hamatoma; angiomyolipoma, as type of (Case Report) 449
- head
 - and carcinoma of oropharynx (Review) 302
 - surgical department management of injuries to 527
- heparin and effects for carotid endarterectomy 679
- hepatectomy and effects of (Surg. Research) 560
- hepatic
 - artery, and reconstruction in liver transplantation (Surg. Anatomy) 437
 - cyst, laparoscopic marsupialization of (Surg. Technique) 262
 - function and biliary obstruction 754
 - living related donor transplantation (Comment) 45
 - metastases
 - causing fatal haemoperitoneum (Case Report) 128
 - treatment for patients with colorectal cancer and 612
 - resection in special unit 530
- hernia
 - balloon dissection technique for repair of inguinal (Surg. Technique) 431
 - inguinal, and repair with scrotal skin flaps (Case Report) 380
 - laparoscopic inguinal herniorrhaphy as invalid procedure for (Pers. View) 295
- hip
 - arthroplasty
 - recovery and psychological impact of 115
 - survival analysis in New Zealand of 538
 - pharmacological thromboprophylaxis in surgery of 167
 - human leucocyte antigen; testing familial testicular tumours using (Surg. Research) 418
 - hyperbaric oxygenation; treatment of *Clostridium septicum* myonecrosis by (Case Report) 574
 - hyperparathyroidism and parathyroid carcinoma (Case Report) 446
 - hyperplasia; angiofollicular lymph node, as cause of peripancreatic hilar mass (Case Report) 219
 - hypertension; surgical management of portal 818
 - hypospadias and sacrococcygeal teratoma (Case Report) 214

I

- ileitis; caused by *Campylobacter jejuni* enterocolitis (Case Report) 55
- ileo-anal reservoir; comparison of J and W pouches using (Surg. Research) 488
- imaging
for examining Bird's nest filter placement in vena cava 106
in diagnosing sacrococcygeal teratoma in children 102
in diagnosis of psoas abscess 413
investigation of aortic rupture with 312
magnetic resonance, and perianal Crohn's disease 470
- immunochemical testing for faecal occult blood in colorectal cancer 464
- immunosuppression reduction by cimetidine after colonic resection (Surg. Research) 847
- incontinence
and anorectal physiological testing in defecatory disorders 322
due to overactive bladder dysfunction 88
- indocyanine green retention for malignant biliary obstruction 759
- infarction, as complication of splenic artery aneurysm (Case Report) 53
- infection
and antimicrobial therapy in surgical patients (Review) 658
as *Clostridium septicum* myonecrosis (Case Report) 574
Enterobius vermicularis as cause of 692
management of streptococcal myonecrosis 194
infra-inguinal vein; duplex ultrasound scanning of 684
- inguinal hernia and repair with laparoscopy through deep ring (Surg. Technique) 788
- inguinal herniorrhaphy
and repair using balloon dissection technique (Surg. Technique) 431
as an invalid laparoscopic procedure (Pers. View) 295
- injury and complications with operative delay 484
- inpatients; hazardous drinking by 775
- insufflation pressure and laparoscopic cholecystectomy in pregnancy (Case Report) 647
- Interplast; achievements of 19
- intestinal obstruction
by *Campylobacter jejuni* enterocolitis (Case Report) 55
by phytobezoar 187
- intra-abdominal testis; laparoscopic assessment of (Surg. Technique) 118
- intracorporeal; tying a knot (Surg. Technique) 373
- intracranial bleeding and head injury management 527
- intramural haematoma of oesophagus 190
- intrasplenic lipoma and spina bifida 177
- intussusception; childhood, studies of 699
- ischaemia
colitis, in young adults (Case Report) 721
development and enhancement of collateral circulation of (Surg. Research) 202
- isolated liver perfusion and flushing solutions for (Surg. Research) 565

J

- jejunal perforation, and trichobezoars (Case Report) 281
- jugular vein thrombosis following carotid endarterectomy (Case Report) 60

K

- Keith; Sir Arthur, and Frederic Wood Jones (Surg. History) 27
- kidney
extrarenal retroperitoneal angiomyolipoma of (Case Report) 449
role in clearance of calcitonin gene related peptide (Surg. Research) 266
- knee
pharmacological thromboprophylaxis in surgery of 167
treatment by modular endoprosthesis for tumours about 542

L

- laparoscopy
adrenalectomy for Cushing's syndrome (Surg. Technique) 375
adrenalectomy, intraperitoneal techniques of (Surg. Technique) 427
and advances in endosurgery (Editorial) 588
and orchidectomy for undescended testis (Surg. Technique) 118
and role in adrenalectomy (Surg. Technique) 494, 498
as diagnostic procedure for acalculous cholecystitis 405
as minimally invasive surgery 81
- cholecystectomy
and gallstone ileus (Case Report) 650
and management of complications following 827
as treatment for choledocholithiasis 407
bile leakage following 254
